

MISSION

Our mission is to provide global business travellers, seeking opportunities worldwide, up to date comprehensive information on the country as well as the main sectors of the economy and at the same time to offer them the best cultural, leisure and tourism attractions in order to enjoy local attractions.

eBiz Guides is a whole new concept integrated within the globalisation era.

I believe that you can make long-term beneficial investment if you fall in love with the country you target.

The concept of eBiz Guides is quite simple. On one hand, we want to present the country covering in all its economic diversity, portraying all the different sectors and giving basic facts and information about the TOP companies.

And on the other hand, we want to give an overview of entertainment and upscale touristic activities to be enjoyed in the country.

This is why I created our slogan "All you need to know for Business and Entertainment". I hope you will make it yours when visiting any of the countries in our collection.
